

## THE ADVOCATE.

Democrats in large numbers are offering their services on the stump for the campaign in Kentucky.

An Alabama preacher has been arrested for stealing and selling the church organ, bible and hymn books.

State Treasurer Hale has finished mailing checks to the amount of \$100,000 to pay all that is due the school teachers.

Rev. D. K. Pearson, of Chicago, recently gave \$50,000 to the Whitman College, Walla Walla, Washington.

John Devonshire, Clerk of the United States Court at New Orleans, has been indicted for embezzeling \$12,000 of the court's funds.

James Foxwell, of Plattsburgh, N.Y., has won his suit for a one-third interest in a \$3,000,000 estate left by his uncle in England.

A prize of 30,000 francs has been offered by a florist in Mayenne, France to any one who can produce a plant on which blue roses will bloom.

The reported massacre of Spanish soldiers at Sama, Cuba, has been confirmed: The soldiers were quartered, nailed to trees and otherwise brutally maltreated.

Philadelphia capitalists have bought the patent rights of the Panion ship propeller for \$500,000 and have organized a company capitalized at \$6,000,000.

A petition with 1,200 signatures will be presented to the County Court of Mercer county, asking that a vote of the people be taken on the question of free turnpikes.

R. G. Cunningham, whose home is in Virginia, but who has been a clerk in the Treasury at Washington for 30 years, committed suicide because salary was reduced.

Gov. Mathews has appointed ex-President Harrison a trustee for Purdue University for a term of six years. Eight other trustees were also named by the Governor.

Three little children living in the northern part of Letcher county ate mulberries and died within five minutes of each other. Spider poison is supposed to be the cause.

Mary Kittenridge and two accomplices have been arrested at Fort Smith, Ark., for murdering the woman's husband for \$20,000 life insurance. At La Plata, Md., Mrs. Belle Farrell is on trial on a charge of murdering her husband.

Many deaths from yellow fever are reported at Santos, Brazil. Men are said to be falling in the streets and dying by the scores in the city and on the vessels in port. Numerous vessels are unable to leave the place on account of not having enough seamen to man them.

The old Confederate soldiers of Bowling Green and Warren county have organized and gone to work arranging for the reception and entertainment of the comrades who will attend the reunion of the famous Orange Brigade in the Park City September 26. From 10,000 to 20,000 visitors are expected.

Last year the world produced 553,700,000 tons of coal. To this total Great Britain contributed 185,000,000 tons; the United States, 170,000,000; Germany, 74,000,000; France, 25,250,000; Belgium, 9,500,000, and Austria-Hungary, 10,250,000 tons. Five million tons were mined in Australia, four in Canada and three in British India.

A most flagrant pension fraud has just been discovered at Macon, Mo., by a special agent from Washington. The alleged veteran had secured a pension of \$10,000 on account of total blindness, but the special agent found that the man could see with both his eyes, and was not even deterred from following his business by his alleged blindness. He is to be prosecuted for the fraud.

The increase of ten per cent. in wages recently announced by the Illinois Steel Company, will take effect last Tuesday. Over 7,000 men will be benefited by the change. The advance has been made at the South Chicago works, the North Chicago rolling-mills and the plants at Milwaukee and Joliet. All classes of employees are included in the advance, with the exception of the tonnage men, who work on a sliding scale.

## SUCCESSFUL

Was the Bicycle Meet at Oak View Park.

The Crowd Large and Enthusiastic.

And Some Very Good Performances.

ABOUT 600 IN ATTENDANCE.

The bicycle meet at Oak View Park, on the Fourth, was a grand success in every particular. All

of the contestants for the various prizes were home boys, which made it more interesting for the spectators. Nearly every one present had some relative or friend entered in some of the races, and cheered him accordingly.

There are some good bicyclists in this city, and it was hard to tell who would be so lucky as to carry off the prize or prizes. Wm. VanAntwerp was looked upon by many as a winner, and he did not deceive them, winning every race he started in, in fine style, and with plenty of speed in reserve.

In the fourth place there is to be a thorough reorganization of the Democratic party as it passes into the hands of the younger members of this organization.

In the fifth place the failure of the Democrats in an election in November on a hard money platform will make it almost impossible for the hard money men of the Democratic party to secure the control of the Kentucky delegation to the next Democratic National Convention.

In the sixth place the failure to vote for Gen. Hardin is a vote for Mr. Bradley.

The lines of Mr. Bradley's campaign are well known. He will make the same speeches he made eight years and four years ago. Without presenting any remedies, he will assail the course of the Democratic party during the last generation. He will attack our charitable institutions, our school system, the management of the penitentiary, and every other department of State Government. These statements will be mere assertions unsupported by any facts in the record.

In view of these reasons, it seems incredible that any Democrat should for a moment consider giving a vote in behalf of the Republican ticket.

There is no issue between the two parties on the financial question, save this: While the Republican party is opposed to free coinage, its leaders are making vehement assaults upon the Democratic administration.

Had Mr. Reed and those for whom he speaks in Congress adopted the course suggested by Mr. Cleveland and Mr. Carlisle, the bond transaction of which we hear so much, would have been made at a saving of several millions of dollars. It was the obstinacy and partisanship of ex-Speaker Reed which defeated the bill authorizing low interest, long-time bonds, and this defeat compelled the President either to suspend gold payments or accept the terms of the bond syndicate.

Nothing that has occurred within the Democratic party for thirty years has done so much to place it before the people as a progressive organization as the action of the late convention.

That convention took more than one long step forward and the Evening Post makes a special plea to the young Democrats, "to the men of business, to the men who have neglected heretofore their political duties, and do what they can to bring out the full Democratic vote in November."

The ordinary majority will not do. In the interest of the State, in the party, in the interest of sound political opinion, for which the Democratic party stands, let every Democrat determine not only to vote himself, but to do all within his power to bring to the polls every man who believes in a sound currency, a free trade, in economy in public affairs, and who is opposed to the paternalism of the Populist party.

The Democratic majority should be 40,000 but it will be nothing at all unless the stay at home vote can be brought to the polls.

Charles Trumbo made a splendid showing, considering the time he has been riding.

Rudolph Baum made a splendid finish in the novice race, "Oh, my, won't he drink soda water."

Clay Miller is the pride of the hearts of the typos in this city, grieved them very much by his non-appearance.

"Sleepy" Clark pulled too hard on the reins of his steed, and it reared up and fell over, spilling

"Sleepy" and somewhat damaging the track.

The race for the Championship of Montgomery County was very tame. None of them would set the pace, going the first half at a snail's pace, part of the time with their hands off the handle bars.

A certain young lady became so enthusiastic during the sixth race that she ascended to the top of the dash-board and tried very hard to get on top of the buggy, but it was a little too high. Guess the cause of her enthusiasm?

"Lo!"

## Why Vote For Hardin?

In the first place Gen. Hardin has received an unquestioned majority of the regular Democratic convention.

In the second place this convention came direct from the people and recorded their decision.

In the third place Gen. Hardin stands upon a platform which endorses the Democratic National administration of State affairs.

In the fourth place there is to be a thorough reorganization of the Democratic party as it passes into the hands of the younger members of this organization.

## BY FORCE BILL TALK.

## Republicans In Doubt

## About Southern

## Gains.

## Say Harrison's Personal Or-

## gan Is Damaging Their

## Chances.

A prominent Southern Republican who will, in all probability, be a delegate to the National Convention of his party, in conversation to-day said:

"I regret very much to see the Indianapolis Journal, ex-President Harrison's personal organ, engage in attempting to revive the Force Bill. I had hoped that that drastic measure had been buried for all time to come, but it seems I was mistaken. Just as long as the Republicans of the North like Harrison and Reed, keep meddling in our affairs and threaten the South with negro domination, just so long will our section of the country remain solid."

"It is too bad that ex-President Harrison has not brought out his prejudices against the Southern people. The editorial in a recent issue of the Indianapolis Journal, stating that if the Republicans came into power again they will pass another Force Bill, has done more to injure our prospects in the South than anything that could have happened to us. Already the Journal is trying to crawl fish and say that it was misunderstood; that they did not want to interfere with the progress of the South by raising the Force Bill issue again.

"Mr. Harrison will be a strong candidate next year, and a good many of the ex-office holders who will be delegates to the convention will, of course, be for him, expecting that in the event of his election that they will fall back into their old positions, or get something better. But I want to say right now that unless Mr. Harrison gives assurance to the country that he is done with Force Bills and will not recommend any such vicious legislation as he did during the Fifty-first Congress. I say that unless he does something of that kind, he may as well hang his harp on the weeping willow tree, and this applies equally well to the 'other gentleman' as to him."

"Mr. Harrison will be a strong candidate next year, and a good many of the ex-office holders who will be delegates to the convention will, of course, be for him, expecting that in the event of his election that they will fall back into their old positions, or get something better. But I want to say right now that unless Mr. Harrison gives assurance to the country that he is done with Force Bills and will not recommend any such vicious legislation as he did during the Fifty-first Congress. I say that unless he does something of that kind, he may as well hang his harp on the weeping willow tree, and this applies equally well to the 'other gentleman' as to him."

## ANNOUNCEMENTS.

For Railroad Commissioner.

We are authorized to announce John C. Wood as a candidate for Railroad Commissioner, for the Eastern District of Kentucky, subject to the action of the Republican party.

## DEMOCRATIC TICKET.

For Governor—  
P. WAT HARDIN  
Of Mercer County

For Lieutenant Governor—  
R. T. TYLER  
Of Fulton County

For Auditor—  
LUKE C. NORMAN  
Of Boone County

For Attorney General—  
W. J. HENDRICK  
Of Fleming County

For Treasurer—  
R. C. FORD  
Of Clay County

For Secretary of State—  
H. S. HALE  
Of Graves County

For Register of Land Offices—  
GR. EX. R. SWANGO  
Of Wolfe County

For Commissioner of Agriculture—  
I. S. B. NALL  
Of Jefferson County

For Superintendent of Public Instruction—  
ED. PORTER THOMSON  
Of Owen County

For Railroad Commissioners, 3d District—  
G. R. KELLER, of Carlisle

For Representative 9th Legislative District—  
(Counties of Montgomery and Menifee)  
W. F. HORTON.

Gov. Brown will not be a candidate for U. S. Senator. He has written a card to this effect to the Democracy of the State and now those persons who think the government could not do without them as Senators are working like turkeys for the votes that would have gone to Gov. Brown. The people of Kentucky will be amused at the different arguments which will be offered by the respective candidates, but in selecting the man to represent them the people will consider qualifications as to heart, mind and industry. To fill the bill he must be more than an orator, a working senator with a well trained mind is indispensable in the make-up of a senator.

Russell Tabor, candidate for the Republican nomination for the Legislature, was in the city Monday. Already his mind is somewhat cloudy. He says he may live in Menifee and then again his home may be in Montgomery. The one thing he knows is that he lives beyond Slade and has aspirations for the Legislature. If he really does live in Menifee, he is after Dick Dorsey to trade him Menifee's five votes for Montgomery's thirteen. Russell is naturally a kind hearted fellow, but for the life of us we can't see why he has such black politics hanging to him.

## Republicans of Rowan.

The Republicans of Rowan county held a convention July 1st to instruct delegates to the Senatorial and Legislative Convention, which meets at Marchfield July 10. They made no instructions for Senator, but instructed for M. F. Fouche for the Legislature.

Gen. P. Watt Hardin, Democratic candidate for Governor has returned from his resting place at Big Stone Gap and is in fine shape for the campaign. The Commercial pictures and Billy Bradley with all his wind can't keep him from rolling up a sun enough Kentucky Democratic majority of forty-five thousand.

Unconfirmed advices from Havana say that Gen. Mariano Campos has been stricken with yellow fever. Campos' son, who is said to have been captured by insurgents, is also reported to be dying of the yellow plague.

General Master Workman J. P. Swoverly, of the Knights of Labor, is in Washington to present the demands of the Knights that Debs be released.

The Kentucky Baptist has been sold to Dr. Crandall, of the Texas Baptist Standard. It will hereafter be issued in Waco, Texas, and there will be a Kentucky edition as well as a Texas Rev. C. E. Nash will continue as editor for Kentucky.

## THE POPS

## NAME A TICKET

And Adopt a Platform  
That Includes

## Everything Under the Sun

Except Woman Suffrage

Tom Pettit Named For  
Governor.

The Populist Convention met in Louisville on Thursday, named the Committee and adjourned till Friday when it again convened and finished its labors by 1:45 p. m.

The offices except for Governor had to be forced on the recipients.

The platform declares for the free and unlimited coinage of silver at a ratio of 16 to 1, regardless of international agreement; for the abolishment of the national banking system and all banks of issue, and the substitution thereof for Treasury notes, which shall be a full legal tender for all debts both public and private; for a constitutional amendment whereby laws may be enacted and repealed by a direct vote of the people, regardless of legislative and judicial powers, and declaring against the recent decision of the Court of Appeals in the bank tax cases.

At the last moment it was decided to nominate a candidate for the United States Senate, and George S. Bate, of Jefferson county, was declared the nominee of the party by acclamation. In accepting the empty honor which had been conferred upon him, Mr. Bate made the only sensational declaration of the convention, alaing that muskets would force the money kings to release their grip upon the throat of the country, but they did not do so, and refused to meet them with cartridge boxes as they had been at the ballot box. Mr. Bate's inexperience interred flat and not a hand was lifted to applaud it.

During Friday morning's session a fight was had over the proposed adoption of a woman's suffrage plank, and Mrs. Josephine K. Henry and Miss Laura Clay made an earnest effort to win the Populists into line with the Prohibitionists on this question. The majority of the delegates felt, however, that they were already burdened with too weighty a platform, and refused to take up the cause of the woman suffragists.

Considerable difficulty was experienced in finding men who were willing to accept places on the ticket, and this fact in itself bespeaks the amount of confidence that the Populist have in their cause. Mr. Pettit, however, accepted the first place with stacry, and pledged himself to a vigorous fight upon and for the principles enumerated in the platform.

## TICKET.

For Governor—Thomas S. Pettit  
of Davies.

For Lieutenant Governor—John G. Blair, of Nicholas.

For Treasurer—M. R. Gardner, of Hardin.

For Auditor—C. H. Dean, of Woodford.

For Register of the Land Office—E. Quick, of Wolfe.

For Attorney General—S. L. M. Peyton, of Hart.

For Secretary of State—Dr. Don Singleton, of Hickman.

For Superintendent of Public Instruction—H. F. Farmer, of Henderson.

For Commissioner of Agriculture—W. L. Scott, of Shelby.

For United States Senator—Charles S. Bate, of Jefferson.

## Grip Cough Cure.

My father suffered with the Grip for two years, and was in such a condition that he could hardly draw a breath without coughing. He was unable to eat. We began giving him Sood's Sarsaparilla and now it is very seldom that he coughs and he is ready changed for the better."

SALLIE KEY,

Volcanic disturbances in Lower

## KENTUCKY'S TOBACCO CROP.

## The Prospect as Seen by Mr. Sam

P. Carr, of Carr & Dickinson.

## of Richmond Va.

## WHAT HE THINKS OF IT.

"Well, Mr. Carr, I see you are back again. You have made a tour of most of the burley counties of Kentucky, and what have you to say this time?" was the query put to Sam, a Tribune reporter yesterday to Sam, P. Carr, the well known commission merchant of Richmond, Va.

"My trip only extended through about one-third of the tobacco counties," said Mr. Carr, "but those counties represent about three-fourths of the burley growth of Kentucky. As I scattered my good deal and obtained information from every railroad brakeman, every cattle buyer, every hotel clerk and proprietor, in connection with every tenant and landlord; yes, even down to the good-ol' ladies of the farming instinct, as I traveled along Kentucky's costly turnpikes of high tolls, I think after striking an average from impartial judgment I might safely place the possible yield at 105,580 hds. to this crop of 1894 on our market to this date amount to 105,997 hds."

We have had only two days of auction sales on our market for the week just closed amount to 3974 hds., with receipts for the same period 3323 hds. Sales on our market since January 1 amount to 105,580 hds. The crop of 1894 on our market to this date amount to 105,997 hds.

The following quotations fairly represent our market for burley tobacco

1500. Dark or damaged tobacco \$1.50 to \$2.75.

Common color trash, \$3.00 to \$3.75

Medium to good color trash, \$3.75 to \$5.00.

Common lugs, not color, \$2.50 to \$4.00.

Common color lugs, \$4.00 to \$5.50.

Medium to good color lugs, \$5.50 to \$8.50.

Common to medium leaf, \$6.00 to \$10.00.

Medium to good leaf, \$10 to \$15.00.

Good to fine leaf, \$15 to \$18.

Select wrapper leaf, \$18 to \$28.00.

GLOVER & DURRITT.

## Home Comfort Wrought Iron Range

A third car load has been received and they are going as fast as the other two. A large force of men in wagons have them in charge and are taken from house to house and sold at one price. This is undoubtedly the best range made and every one who has used one would not have any other. This range is so constructed as to get the best cooking results and at the same time to save fuel. Breads, meats and pastry cooked on it are better than on the old stoves which give you hard cooked meats and heavy bread. It is a pleasure to have one of them.

Death of Dr. E. R. Palmer.

Dr. E. R. Palmer, a popular physician of Louisville, was out riding his bicycle in that city, on Friday night, and collided with another wheelman. The Doctor was thrown from his bicycle, his head struck the curb, causing a fracture of the skull. He was removed to a hospital where he died in a couple of hours.

## Are You Made.

Misery by Indigestion, Constipation, Drowsiness, Loss of Appetite, Yellow Skin? Shiloh's Vitalizer is a positive cure. For sale by Thomas Kennedy.

Mrs. Mary Ellen Lease has lost her son, the Kansas Supreme Court holding that the appointment of George A. Clarke as his successor on the State Board of Charitable Institutions was regular.

The union services will be held at the Southern Presbyterian Church next Sunday night. Rev. C. J. Nutt, of the Methodist Church, will fill the pulpit.

At the last meeting of the city council from the number of building permits granted, it would appear that there is a building boom on, with the colored people.

## For Rent.

A nice cottage of four rooms on Queen street, near High.

CHAS. REIS,  
50-21 The Saddler,

Next Monday will be County Court Day.

## VERSUVIUS AND ETNA.

## Are Again in Eruption and Towns

## Are In Danger.

NAPLES, July 6.—The crater of Mt. Etna is again pouring forth smoke and lava. Mount Versuvius is also in a state of eruption and is reported to be in a worse condition than Mt. Etna. The town of Resina, South Italy, built over the ruins of Heronaeum, is threatened. Villages in the vicinity of both volcanoes are believed to be in danger.

## LOUISVILLE TOBACCO MARKET.

THOS. KENNEDY.

## CORRESPONDENCE.

## Wade's Mill.

T. J. Wiles sold his wheat at 75 cents per bushel.

Henry Bratton, of North Middletown, was here Friday.

Mrs. E. S. Priest, of Green Castle, Ind., is here visiting relatives.

Miss Jane Rogers visited her aunt, Mrs. R. L. Willis, of Lexington, the past week.

Miss Lena Bratton visited her sister, Mrs. Dr. Hart, at Winchester several days the past week.

Quite a number of our people spent the "Glorious Fourth," the 110th anniversary of the Declaration of Independence, at the Chautauqua at Lexington.

Mr. Cas Goff entertained a number of young people last Friday evening in honor of Miss Emily Cheneault, a charming young lady, of Richmond, who is visiting Miss Ella Prewitt. Dancing was indulged in, and at a late hour a bountiful repast was served. A number from Clark, Bourbon and Fayette were present. All expressed themselves as having had a most delightful time.

## Grassy Lick.

F. M. Palmer is clerking for T. M. Green & Co. at this place.

A. Oear attended the Cincinnati tobacco market last week.

A. Oear lost a valuable family horse last week by getting a nail in his hoof.

S. S. Priest was a petit juror at Covington last week in the United States Court.

Miss J. W. Holden, and sons, Jacob and Roger, of Mt. Sterling, were visiting friends in Mts. neighborhood last week.

W. H. Ramsey, who has been confined to his bed for some six weeks from an attack of fever, is able to walk about again.

Frank Palmer attended as a delegate the Young Men's Christian Association, which was held at Chattanooga, Tenn., last week.

Miss Jennie Johnston, of Pleasantville, was visiting her mother, who has been confined to her room for three weeks. She accompanied him home on Tuesday.

Wheat threshing began last week, and farmers are sadly disappointed over the yield and quality. The average is about one-half and the yield about one-fourth of a crop.

There is quite a number of applicants to teach the public school at this place, and the Trustees only wish there were more children and school houses so that all of them could be employed.

## The Best Cough Cure.

Is Shiloh's Cure. A neglected cough is dangerous. Stop it at once with Shiloh's Cure. For sale by Thomas Kennedy.

Watch us repair your watch with accuracy and promptness.

## What Pleases Others Might Not Please You.

In every instance, but what pleases an highly educated, up-to-date mechanical expert, who is thoroughly posted on the construction of bicycles, from a wheelman's standpoint, as well as that of a strictly high-grade mechanic, is a pretty good pointer to buyers who are in search of the best the market affords.

LOUISVILLE, KY., June 15, 1895.

DEAR SIR—Referring to the Waverley bicycle which I bought of you a few weeks ago, I will candidly admit that I am delighted with it. My first impression was one of surprise at the economy of its construction and even on the first ride I was struck by its strong and substantial construction and every one who has seen it has admitted that it is most graceful in appearance. I consider it a strictly high grade machine; otherwise I should not have bought it. It is all you claim it to be. Wishing you well merited success, I remain yours truly,

ARTHUR COBB,

Chief Engineer Shead & Co., Iron Works.

Charles Ragan and wife the past  
week, left for home yesterday.

N. H. Trimble spent Sunday with  
his family at Olympia Springs.

Col. J. S. Hurt left yesterday to  
spend a few weeks at Young's Springs.

Col. H. P. Thompson, of Clark  
County, was in the city on business  
Monday.

Mrs. N. H. Trimble and daughter  
Margorie, are stopping at Olympia  
Springs.

J. M. Pickrel, who has been quite  
sick for the past few days, is very  
much better.

J. Green Trimble, Jr., has returned  
to the city and taken a position with  
Trimble Bros.

Rev. George Darsie, pastor of the  
Frankfort Christian Church, has re-  
turned from a trip to Palestine.

R. V. and Mrs. A. J. Arrick left  
yesterday for a month visit to friends  
and relatives near Lafayette, Ind.

W. W. C. T. and J. G. Wilson at-  
tended the funeral of their uncle, T. O.  
Forman, at Lexington, yesterday.

Mrs. Maggie Eastin and Miss Lucy  
Clay spent last week visiting the  
family of Mr. A. Clay, at Indian Fields.

Mrs. Mat. C. Clay and Mrs. Joe Turner  
are at Young's White Sulphur  
Springs, on Salt Lick, to spend a  
couple of weeks.

Mr. Jennie Isted of Tacoma, Wash-  
ington will arrive to day to visit her  
aunt Mrs. Gatewood and other  
relatives in the city and county.

Misses Mattie and Maggie Peters  
leave to-day for Chihuahua, Mexico,  
where they go to visit relatives. They  
may conclude to make country  
their permanent home.

Misses Phoebe Havens, Macie Baum  
and Mrs. Dr. Thos. Farish were  
among those who left yesterday to at-  
tend the great Christian Endeavor  
Convention at Boston.

Mr. Frank Pickrell and wife, who  
have been living in Winchester, have  
come back home and we are glad to  
have them.

Mrs. L. F. Payne went to Bourbon  
county on Saturday for a two weeks  
visit to her parents, Mr. and Mrs.  
John Tabb.

Mrs. Hannah Carroll and daughter,  
Miss Mary, and Miss Maggie Jodet,  
of Mayville, are the guests of Mr. and  
Mrs. Peter Kelly.

Dr. M. F. Oscar and wife, of Oxford,  
Ind., are here visiting relatives.

Dr. Oscar left here sixteen years ago  
and this is his first visit.

Judge H. C. O'Rear has returned  
from Pineville, where he has been on  
legal business, which grew out of the  
booms of a few years ago.

Mrs. Annie McLimmons, of Ocala,  
Florida, is here visiting her father's  
family, William Bridgforth, and other  
relatives and friends.

Mrs. Addie Jephson is back from  
her stay in New York City, where she  
went to freshen up in the newest  
things in the musical world.

Mr. Logan Threlkeld, who has been  
with his daughter, Mrs. N. H. Trimble  
for many months, went to Shelby  
county last week to visit his old friends.

Mrs. Susie Burroughs has returned  
from a pleasant visit to Carlisle, accom-  
panied by Miss Bertie Dallas, who  
will spend several weeks in our  
town receiving marvellous benefits from  
this pneumonia specific.

We pay highest cash prices for  
wheat. BARNES & TRUMBO.

Sterling Silver and Rolled Plated  
Hut Plas at Freeman's.

## PERSONAL MENTION.

H. G. Tabb is spending a few days  
at Olympian Springs.

Hansford Arnold was in Louisville  
several days last week.

Miss Annie Lizzie Ballif is visiting  
relatives in Bath county.

Harry Enoch is visiting his grand-  
parents at Coshonton, Ohio.

C. Cyrus Turner and wife will go to  
Olympian Springs this week.

Capt. W. T. Havens, of Frankfort,  
is in the city spending a few days.

Mr. James Hayes, of Winchester,  
visited friends in the city last Wednes-  
day.

At the Olympian Springs Sunday  
there was a large crowd from this  
city.

Mrs. Epy Goodpaster, of Owings-  
ville, visited friends in the city last  
week.

Misses Nance and Julia Turley  
visited relatives in Lexington last  
week.

Mrs. G. Denton spent Friday  
and Saturday at the Lexington Chau-  
taqua.

Mr. Elgin Northcutt, of Judy, spent  
a few days with relatives in Lexington  
last week.

Misses Rebecca and Mattie Wilson  
are visiting Mrs. E. Smith, at George-  
town Ky.

Judge Jas. H. Hazlrigg, of Frank-  
fort, is visiting his daughter, Mrs. C.  
P. Chenuant.

The families of Judge Lewis Ap-  
erson, with Professor J. L. Tait, of  
Portland, Oregon, as principal, are  
already a certainty. On last Mon-  
day Professor Tait, accompanied  
by Dr. W. C. Taylor, of the Frank-  
fort Baptist church, entered our  
city with the view of prospecting  
for a school for young ladies and  
before the day was over they had  
had decided this was the location  
for such a school, and Professor  
Tait went to work to see how many  
students could be secured, and by  
Saturday evening he was fully  
persuaded that he would have a  
large and flourishing school. He  
has rented property on North May-  
ville street, No. 88, formerly occu-  
pied by Harris Institute. It is a  
large brick structure centrally lo-  
cated, which will serve to accom-  
modate the students and boarders  
for the first year. Professor Tait  
has fitted himself specially for  
school work and has had an expe-  
rience of more than ten years in the  
best schools of the country, and  
has the best of recommendation  
both as a teacher and gentleman.  
Mrs. Tait is also a trained teacher  
and Professor Tait will be a  
most popular and successful  
teacher.

Misses Mayme and Blanche Judy,  
of Green Castle, Ind., are visiting at  
Mrs. Annie Judy's in this county.

Miss Anna Burbridge has returned  
from an extended visit to her sister,  
Mrs. Ernest McCoun, at Louisville,  
Ky.

R. V. C. J. Nugent will return from  
Chattanooga on next Saturday and will  
fill his pulpit on Sunday morning.

Capt. C. H. Petry was summoned to  
Shelbyville Saturday by wire on  
account of the serious sickness of his  
mother.

Misses Mayme and Blanche Judy,  
of Green Castle, Ind., are visiting at  
Mrs. Annie Judy's in this county.

Miss Anna Burbridge has returned  
from an extended visit to her sister,  
Mrs. Ernest McCoun, at Louisville,  
Ky.

Mr. Frank Pickrell and wife, who  
have been living in Winchester, have  
come back home and we are glad to  
have them.

Mrs. L. F. Payne went to Bourbon  
county on Saturday for a two weeks  
visit to her parents, Mr. and Mrs.  
John Tabb.

Mrs. Hannah Carroll and daughter,  
Miss Mary, and Miss Maggie Jodet,  
of Mayville, are the guests of Mr. and  
Mrs. Peter Kelly.

Dr. M. F. Oscar and wife, of Oxford,  
Ind., are here visiting relatives.

Dr. Oscar left here sixteen years ago  
and this is his first visit.

Judge H. C. O'Rear has returned  
from Pineville, where he has been on  
legal business, which grew out of the  
booms of a few years ago.

Mrs. Annie McLimmons, of Ocala,  
Florida, is here visiting her father's  
family, William Bridgforth, and other  
relatives and friends.

Mrs. Addie Jephson is back from  
her stay in New York City, where she  
went to freshen up in the newest  
things in the musical world.

Mr. Logan Threlkeld, who has been  
with his daughter, Mrs. N. H. Trimble  
for many months, went to Shelby  
county last week to visit his old friends.

Mrs. Susie Burroughs has returned  
from a pleasant visit to Carlisle, accom-  
panied by Miss Bertie Dallas, who  
will spend several weeks in our  
town receiving marvellous benefits from  
this pneumonia specific.

We pay highest cash prices for  
wheat. BARNES & TRUMBO.

Hut Plas at Freeman's.

## Nervous

People should realize that the only  
true and permanent cure for their  
condition is to be found in having

## Pure Blood

Because the health of every organ and  
tissue of the body depends upon the  
purity of the blood. The whole world  
knows the standard blood purifier is

Hood's  
Sarsaparilla

And therefore it is the only true and  
reliable medicine for nervous people,  
and it makes the blood pure and healthy,  
and it gives the nerves firm and strong, gives  
sleep, mental vigor, a good appetite,  
good digestion. It does all this, and  
cures Scrofula, Eczema, or Salt Rheum  
and all other blood diseases, because it

## Makes

## Pure Blood

Results prove every word we have  
said. Thousands of voluntary testi-  
monials fully establish the fact that

## Hood's Sarsaparilla

Be Sure to Get Hood's  
Cures

"I have been afflicted with nervous-  
ness. I began to take Hood's Sarsaparilla  
and the first bottle helped me greatly."  
MARGARET, of New York.

Hood's Pills cure all liver ill, consti-  
pation, biliousness, sick headache, indigestion, etc.

Charles Ragan and wife the past  
week, left for home yesterday.

N. H. Trimble spent Sunday with  
his family at Olympia Springs.

Col. J. S. Hurt left yesterday to  
spend a few weeks at Young's Springs.

Col. H. P. Thompson, of Clark  
County, was in the city on business  
Monday.

Mrs. N. H. Trimble and daughter  
Margorie, are stopping at Olympia  
Springs.

J. M. Pickrel, who has been quite  
sick for the past few days, is very  
much better.

J. Green Trimble, Jr., has returned  
to the city and taken a position with  
Trimble Bros.

Rev. George Darsie, pastor of the  
Frankfort Christian Church, has re-  
turned from a trip to Palestine.

R. V. and Mrs. A. J. Arrick left  
yesterday for a month visit to friends  
and relatives near Lafayette, Ind.

W. W. C. T. and J. G. Wilson at-  
tended the funeral of their uncle, T. O.  
Forman, at Lexington, yesterday.

Mrs. Maggie Eastin and Miss Lucy  
Clay spent last week visiting the  
family of Mr. A. Clay, at Indian Fields.

Mrs. Mat. C. Clay and Mrs. Joe Turner  
are at Young's White Sulphur  
Springs, on Salt Lick, to spend a  
couple of weeks.

W. W. C. T. and J. G. Wilson at-  
tended the funeral of their uncle, T. O.  
Forman, at Lexington, yesterday.

Mr. Jennie Isted of Tacoma, Wash-  
ington will arrive to day to visit her  
aunt Mrs. Gatewood and other  
relatives in the city and county.

Misses Mattie and Maggie Peters  
leave to-day for Chihuahua, Mexico,  
where they go to visit relatives. They  
may conclude to make country  
their permanent home.

Misses Phoebe Havens, Macie Baum  
and Mrs. Dr. Thos. Farish were  
among those who left yesterday to at-  
tend the great Christian Endeavor  
Convention at Boston.

Mr. Frank Pickrell and wife, who  
have been living in Winchester, have  
come back home and we are glad to  
have them.

Mrs. L. F. Payne went to Bourbon  
county on Saturday for a two weeks  
visit to her parents, Mr. and Mrs.  
John Tabb.

Mrs. Hannah Carroll and daughter,  
Miss Mary, and Miss Maggie Jodet,  
of Mayville, are the guests of Mr. and  
Mrs. Peter Kelly.

Dr. M. F. Oscar and wife, of Oxford,  
Ind., are here visiting relatives.

Dr. Oscar left here sixteen years ago  
and this is his first visit.

Judge H. C. O'Rear has returned  
from Pineville, where he has been on  
legal business, which grew out of the  
booms of a few years ago.

Mrs. Annie McLimmons, of Ocala,  
Florida, is here visiting her father's  
family, William Bridgforth, and other  
relatives and friends.

Mrs. Addie Jephson is back from  
her stay in New York City, where she  
went to freshen up in the newest  
things in the musical world.

Mr. Logan Threlkeld, who has been  
with his daughter, Mrs. N. H. Trimble  
for many months, went to Shelby  
county last week to visit his old friends.

## C. T. WILSON.

48-4 C. T. WILSON.

## THE ADVOCATE.

Mexico has ordered 90,000 new rifles and other war material.

The commerce of Japan last year amounted to \$230,000,000, an increase of 30 per cent.

Judge J. W. Perry has withdrawn from the legislative race in Fayette county.

Near Arnettville, Morgan county, the family of Gustave Kunz contracted anthrax from eating the flesh of a diseased cow. The mother and four children are dead. The father and the remaining child are convalescent.

At Mt. Olivet, John W. Garrison became overheated while harvesting, and going took a cold bath, from which he took a severe cold and toothache. His throat swelled and in a few hours it closed so tight as to prevent breathing, from which he died.

Farmer Lippes, at Harrodsburg, Ky., was preaching in a school and claimed that he was Jesus Christ. He said he could wipe away the sins of his hearers with a kiss. He kissed the women, but when a big farmer came up for salvation Lippes knocked him down. Lippes will be tried for luna.

"One of the stories told at the recent Yearly Meeting of Friends in Portland to illustrate a point, was the following: A little Quaker girl at Haverford, Pa., came running in to her parents from her out-door play, exclaiming, "There is a good job on God—he has sent us the sun to-day, but forgot to take in the moon."

The official figures compiled at the Post Office show the total number of stamps of all kinds issued to postmasters during the fiscal year just closed was \$2,823,000,000, or \$56,854,18, an increase in valuation of \$4,000,000 over last year. The total value of envelopes issued to postoffices was \$12,036,016; postal cards, \$4,668,161.

The report of the Commissioner of Education for 1894 shows that there were 15,530,168 school children in the country last year. This enormous number cannot be equaled by any nation in the world in proportion to size, and it is not odd that the public school system is called a bulwark of national safety.

This Nation cannot afford to maintain paved roads, and in many places, like New York for instance, unable to provide sufficient school accommodations, will expend in noise celebrating the great national holidays, it is estimated, not less than \$6,000,000. There can be no estimate of the indirect loss to the country from fires and accidents resulting from the barbaric manner of observing the day, whose model is found in countries like China.

Several prominent men have been fatally wounded while riding bicycles within a month or two. But this doesn't imply that the bicyclist is becoming more reckless. There are so many more of them. In proportion, the number of accidents to bicyclists is not so large as the number of fatalities to those who travel on the steam railroads. It is the inexperienced rider, generally, that gets injured, and the or she suffers for severely venturing on busy streets before full control of the wheel is gained. The absence of the brake is the most frequent cause of disaster to the experienced rider.

A Scottish lady lately posed a letter in a country village near Florence, Italy, directed to a friend in Venice. She had it returned to her by the Postmaster, who politely informed her that there was no Venice in Italy, and would kindly indicate in which of the Venices in foreign countries she wished it sent. He said he had examined his postal guide-book and found seven Venices in the United States and Canada, and he did not know to which of them he ought to forward the letter. It did not occur to him that Venice is only the English form of Venetia. It is odd that there is scarcely one of the great cities in Europe which is not called out of its name in English and wherever the English language is spoken. Even the names of nations are changed so as to be unrecognizable. To be sure English and American names are translated abroad, in the same way, making the confusion worse confounded. Cannot there be an international agreement in this matter, to secure uniformity?—Portland Transcript.

## HORSE AND TRACK.

Moquette, 2:10, by Wilton, 2:18, is going sound and in good form this spring.

Letcher, 2:18, by Director, will be campaigned this season, and is expected to reduce his record by several seconds.

Nellie Mason 2:14, by Oward has been taken out of the brood mare ranks and will be prepared for a fall campaign.

Era K. by Tracy, 2:26, out of dam of Treasure, 2:18, foaled last week a bay colt by Knightwood, 2:29. She is owned by Beau Bros.

Folly, 2:15, has gone a mile this year in 2:20 last half to 1:06; She is working good and ought to make a mark of 2:10 this season.

John Dickerson's string is doing fairly well; Ora Wilkes has made a mile in 2:11; Muta Wilkes in 2:11, Lissa Wilkes in 2:14 and Mary Best in 2:12.

Douglas Thomas, who has Russel Clay owned by Jas. R. Magown, drove her a mile last Friday in 2:15. This 4-year-old filly has no record and ought to be good this season in her class.

The horses at Oak View track are all in good health and working well, but the trainers there seem to think they are giving something away it tell how fast their horses are going.

Myron E. McHenry has two two-year-olds that have been beaten 2:30 this spring. One has trotted in 2:27 and McHenry says that if the other—a Jay Bird filly—was not around he would think her a crack-jack, but the last mentioned one has stepped a full mile in 2:24, and an eighth in 16 seconds, and at that has never been fully extended.

At Des Moines, Ia., on the 20th of June, Athanio, a three-year-old by Juno, son of Electroneer, reduced his record in a race with Keno F. and two others from 2:10 to 2:11. This is we believe the fastest three-year-old trotter ever made this in the season. It was made in the third heat. Athanio's three-year-old record has never been beaten in a race except by Directum and Fantasy. He is a recent purchase of the Messrs. Hanlin. It may easily turn out that the close of the season Fantasy will not be the holder of the three-year-old record.

Robert J. has again shown that the work he has already done on the track has not incapacitated him for great performances. He paced a mile in 2:04 at Des Moines on the 20th inst., the last quarter in thirty seconds. Evidently the little gelding has no intention of resigning the championship this year, and the horse that takes it from him will have to pace for his life. Joe Patchen has paced a mile in 2:03 this year and John R. Gentry, a quarter in 2:04 seconds. The "Pacer Horse" seems to be going after his old time fashion, having paced in 2:04 at Des Moines.

It is evidently getting ready for action, and when they once fairly get into action there is no telling what may happen. Already some very remarkable work has been done on the track this year, but it will be skimping to what will take place when the fight gets hot. Look out for the mule all along the line.

## A Better Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he has been under the care of two prominent physicians, and used their treatment until he was not able to get around. They pronounced his case to be consumption and incurable. He was presumed to try Dr. King's New Discovery for consumption, cough and cold, and at that time was not able to walk across the street without resting. He found, before he had used half of dollar bottle, that it was much better, he continued to use it until to-day, enjoying good health. If you have throat, lung or chest trouble try it. We guarantee satisfaction. Trial bottle free at W. S. Lloyd's drugstore.

## Black Skin in the Elfe East.

The brotherly love for the black race which prevails in New England has again been strikingly illustrated. Miss Ida A. Morgan, a young woman of negro blood, well educated and accomplished, in every way competent to be a teacher, has been rejected for a place in the schools of Providence, R. I., on the sole ground of her color. When such incidents no longer occur in New England, then will the South listen in patience to New England's remonstrances against the color in this section.—Savannah New.

## Another Way to Quiet a Nervous Horse.

An ingenious but simple instrument for soothing a horse that is excited by the appearance and noise of a going-jangling of a trolley car or a locomotive, was invented by Henry Small, of Hartford, Conn., a few months ago, and has been tried by a number of prominent people in that city who drive spirited animals. It seems to have proved a great success. It is said to be equally efficient with the curb bit, it not more so, and is certainly less cruel in its operations. On the headstall Mr. Small puts a simple strap, coming down the horse's face and terminating in a thin strip of metal so curbed as to fit loosely over the upper lip. This metallic attachment is about half an inch wide and two inches long. A light pull on the strap brings this hook down in contact with one of the most sensitive portions of the animal's body, with no enough pressure to cause discomfort or pain, but merely enough to distract his attention momentarily. The novelty of the invention makes him completely forget the cause of his nervousness, and he instantly becomes as "calm as a may day morning." Strangely enough, horses do not seem to get accustomed to the device, and it is apparently as effective after being worn and used for two months as on the first occasion. Great things are expected of this apparatus in the way of subduing refractory horses for the blacksmith, in breaking colts, in curing kickers and so on; but it is too soon to pronounce a positive opinion on these points.

## The Kentucky Lesson.

We have been told, with glee or gloom, as the tellers view has determined, that the whole South and West were afield for free coinage at 16 to 1 without asking any other nation's assistance or assistance.

Many people have believed this. Among them has been Senator Blackburn of Kentucky. As that gentleman has a touch for Senatorial dignity and John Chamberlin's refreshments, and therefore wants to be re-elected, he injected this silver issue into the Kentucky Democratic Convention. He sought by definite resolutions to commit the Democracy of Kentucky to that policy, and he confidently believed that the "economy" of that State would rally all of one man in support of the cause.

As a matter of fact he was beaten in the convention by nearly three to one.

It is true that the convention nominated a free silver man for Governor, but as Governor no man can have any say to do, practically, with the adjustment of this question, and Hardin was nominated on his merits as a man for Governor.

The fact appears to be that the craze to force the issues of silver monometalism against gold monetarism is dying out. The people are beginning to understand that, as Mr. Whitney recently said in the World, we shall have the whole question satisfactorily in a year or two if we do not spoil the programme by precipitancy in our own action. They begin to see that with Gurney's sentiment strongly in favor of international bimetallism with British sentiment tending in the same direction, and with bimetallists for Chancellor of the Exchequer and leader of the House of Commons in England, it is a peculiarly good time to avoid rash experiments and extreme views here.

The great majority of the people want sound money first of all. After that they want silver restored to general use, under such safeguards of national agreement as shall make it indisputably sound money. Under the tutelage of circumstance they are learning to wait for the accomplishment of these ends in the only way in which they can be accomplished safely—New York World.

## The First Step.

Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step into Nervous Prostration. You need a Nerve Tonic and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great Nerve Tonic and Alternative. Your appetite returns, good digestion is restored, and the Kidneys and Liver resume healthy action. Try a bottle. Price 50 cents at W. S. Lloyd's Drug Store.

Ed. Mitchell,

should any occur. A ten is will be retained  
on colt to secure service fee.

J. M. CLARK,

WIN CHESTER, KY.

## BE CURED AT HOME

Dr. APPLERMAN, the widely known special-  
ist, after years of study, has so perfected his  
method of treatment that he can assure  
the sick and suffering a permanent  
cure. His method is simple, safe and  
economical. Thousands are already  
using his golden opportunity, and  
the results of treatment are available in  
the efficacy of the treatment.

All Chronic Disease  
CURED.

CATARACT, DEAFNESS,  
DROOPING EYES, ETC.

WORMS, TUBERCULOSIS,  
CANCER, LIVER AND BONE  
DISEASES, ETC.

WICKER, WEAVER,  
NERVOUS EXHAUSTION,  
MUSCULAR DISEASE,  
MATERNAL DISEASE,  
ETC.

The best and most  
economical treatment  
for all female diseases.

New treatment for PILLS and ULCERS.

Removal of tumors from women.

BLADDER, UTRINARY AND  
URETHRAL DISEASES.

WICKER, WEAVER,  
NERVOUS EXHAUSTION,  
MUSCULAR DISEASE,  
ETC.

Dr. Applerman has associated with him a full  
staff of assistants, who will be on hand to  
attend each case and prepare the proper rem-  
edies. Treatment furnished at the low rate of  
\$2 to \$3 per month.

Write us freely and mail envelope stamp  
for symmetrical, etc., and we will send you  
No. 3 for Women. Address

## THE ADVOCATE.

E. O. Sanders killed his wife at Dallas, Tex. They had been married only a few days, and he became jealous.

The United States Agricultural Department report shows that \$700,000 of the appropriation was covered back into the Treasury.

A jury at Owensboro has given Mrs. Ingelhart a verdict of for \$7,000 damages against the murderer of her husband.

Livington county is complaining of scarcity of water. It hasn't rained there to amount to anything for eighteen months.

Dr. W. T. Chandler, of Campbellville, while riding a bicycle, ran into a drove of hogs, and, falling, was seriously injured.

An ice war is on between Henderson dealers and the price is down to 25 cents per hundred, with prospects of going to 12.

Four American counterfeitors have been sentenced at Hamburg, Germany, to long terms of imprisonment for forging American and other notes.

Peaches were selling for 10 cents a peck, and cherries for \$1 a bushel, in Georgia last week. The fruit crop of the State is the largest ever known.

The much talked of electric street railway of Bowling Green is now an assured fact, and in the course of sixty days the cars will be in running order.

At Rome, Ill., a rejected lover blew up a house containing six women, three of whom were probably fatally injured. The deadish lover was arrested.

Near Flemingsburg a little child of J. M. Plummer was terribly bitten in the face by a massive bulldog. The child is frightfully disfigured, but will probably recover.

The Moorhead-McClean Iron Company plant, at Pittsburgh, which is valued at \$1,000,000, brought only \$11,000 at the Sheriff's sale. Creditors of the company lose \$600,000.

Gus Leob and his wife, Julia, Hebrew peddlers, were murdered in Harlan county, between Harlan Courthouse and Harrrogate, Tenn., by six masked men. Robbery was the only cause for the crime.

The two-year-old boy baby of Jeff Martin, of Powell county, found a large copperhead snake in the parlor and thinking it a plaything picked it up. The child had a narrow escape. The snake was killed.

A mob took Marshal E. Price from jail at Denton, Md., and hung him by the neck from the limb of a tree. Price had assaulted a little girl, and had just been granted a respite pending an appeal of his case.

A dividend of 154 per cent. was paid last year by the French Nord Railroad, probably the most profitable railroad in Europe. Its net revenue for 1904 was \$18,556,265 on an outlay of capital of \$302,804,540. It works 2,311 miles of road.

The tensile strength of iron at 400 degrees below zero is just twice what it is at sixty degrees above. It will take a strain of sixty instead of thirty tons to the square inch, and equally curious results have come out as the elongation of metals under these conditions.

Electric cars have been prohibited on the road from Berlin to Charlestown. They would have passed by the Imperial Technical Institute, and experiments showed that the current for the railroad strongly affected all the apparatus in the building, so as to make delicate scientific observations experiments impossible.

An engineer has pointed out that one inch of rain falling upon an area of one square mile is equivalent to nearly 17,500,000 gallons, weighing 145,200,000 pounds of 72,000 tons. Assuming this water to have fallen from clouds about half a mile high, or say 3,000 feet above the earth, we have for the energy represented by it about 22,000 horse power. With pumping machinery working at the rate of consumption of two tons of coal per horse power per hour, it would take 200 gross tons of coal to raise the water represented by one inch of rain on a square mile to a assumed distance of 3,000 feet. As a matter of fact, rain often falls from clouds which are at a much greater height than 3,000 feet above the ground, so that the figures just given are quite conservative ones.

## HE WANTED POSSESSION.

## But the Old Tenants Were in the Way and Wouldn't Get Out.

"You told me the flat was in perfect condition," said the tenant, as he entered the agent's office.

"I did," admitted the agent.

"You said there was not an objectionable feature about it," continued the tenant.

"I admit it."

"And that I was to have sole possession May 1."

"Quite right. You are living there now, aren't you?"

"Yes."

"Then what are you kicking about?"

"I believe I am the only one who pays rent for it," said the tenant, without noticing the last question.

"You are."

"No one else pays a penny for any rights or privileges there?"

"Not a cent."

"I alone am entitled to them all?"

"You are. But what?"

"You positively guarantee me complete possession of the premises, as I understand it?"

"We did."

"Then I wish you would oust the cockroaches. They claim privileges by right of priority of possession, but if they don't pay rent and have no lease I think the flat should be turned over to me."

"My dear sir—"

"That's all; I just wanted to let you know that there was a dispute between tenants, and you can't expect to keep both." They're neither guests nor friends of mine and I object to them more than I do to the janitor."

—Chicago Post.

## Interesting Courtship.

"Across the creek, in the clay bank, a colony of muskrats had made their burrows, and, before it became too dark, I had the pleasure of witnessing a muskrat courtship. The male, swelling his neck and striking the ground with his flattened tail, slowly approached the female, walking sideways with a stiff, affected gait. He kept up a low murmur monologue all the while, every now and then accentuating his speech with shrill squeaks and guttural grunts. The female seemed coy, and several times repulsed his advances, chasing him several feet away from the burrow, and then returning to the entrance, where she would re-occupy her crouching posture until again put on the defense by his overtures and caresses. They kept this up for some time.

"The courting of the blue-bird is a charming spring idyl. The little lover will perch a few inches away from his enslayer, and attempt to bewitch her with the wiletry of his song. His low, soft warble is a delicious bit of love pleading, and ought to soften the most obdurate heart; but the female is coy and flouts him. He then comes nearer, and, slightly quivering his wings, bows in front of her, all the while pleading in an impassioned manner. He then erects himself, puffs out his breast and stalks in front of her. His song takes on a more virile strain. His boasts of his prowess in the fields of worm-hunting and nest-building; he turns his back to her and calls attention to his beautiful blue coat. Again he turns and points to the beauty of his scarlet vest. This last argument is generally affective.

"The wooing of the peacock is grotesque and bizarre. The cock deliberately selects his ground or place of exhibition and calls the female to admire him. Several males will select a 'stamping ground,' as it is locally termed, and will beat down the weeds and grass until the surface of the ground is perfectly smooth. They will then utter the most discordant shrieks and calls until they have collected all the females about them; when they see that they have secured an audience they will commence the most extraordinary antics. First one male and then another will enter the arena. He will spread his tail to its greatest extent, and, holding his head far back to show his wings, will execute a stiff-legged sarabande around the ring. Then, folding his tail and stretching out his neck, he will run at full speed about the arena. Standing in the center of the ring he will slightly elevate his tail and beat the ground with his feet. He does not fail to point to every one of his many points of beauty. He even calls attention to his voice, doubtless very pleasing to peacock ears, and the gilds impart their information in an undertone.—Westminster Gazette.

The will of the late Secretary Gresham was probated at Chicago.

## TO REMOVE STAINS.

## Useful Facts To Know During the Fruit Season.

The many stains which come upon the table linen and the summer dresses of the children are a constant source of annoyance to the housekeeper, and as these become permanent disfigurements if left upon the goods when they are washed, it is necessary to know the immediate remedy in order to deal with them at once. A list of the most common stains with the treatment which will remove each is a convenient clipping to paste into a fly leaf of the cook book, or other place of ready reference.

Fruit stains when fresh, may be removed by boiling boiling water through the stained portion until the stained spot disappears.

Old fruit stains may be removed with oxalic acid. Wash the stained portion in water till clear; rinse at once in rain water, as the acid will streak the fabric if left upon it. Now wet the spot in ammonia and give a final rinsing.

Grass stains should be rubbed thoroughly with molasses and then washed out as usual. Another treatment is to rub with alcohol then wash in water.

Rust and ink stains should be rubbed with juice of lemon and the spot then covered with salt and the cloth placed in the sun. If this treatment does not serve to remove the stain, or if the fabric is colored and so cannot be treated with the lemon juice, oxalic acid may be used as for old fruit stains. Still another treatment is to apply a mixture of two parts tartar and one part powdered alum; this latter is good for a variety of stains which fall under other methods.

Ink that is freshly spilt upon carpet should be covered with coarse or common salt or Indian meal. If the stain is not absorbed rub with lemon juice.

Mildew is often a very stubborn thing to get rid of. Cut ordinary soap into shavings and cook it to a paste with rain water; spread the paste upon the spot, scatter upon it finely powdered potash and spread the fabric upon the grass for twenty-four hours. Wash in rain water and in all ordinary cases the spot will have disappeared. If it is not entirely gone, repeat the process. The same treatment is effectual in the case of wine or fruit stains.

Wagon grease, pitch or tar may be removed by spreading lard upon the spot, rubbing it well in and washing as usual. This kind of stain upon silk may be removed by rubbing with a mixture of equal parts of oil of turpentine and ether until all the impurities are removed, then cover the spot with Fuller's earth or French chalk, cover with blotting paper and press with a hot iron. Repeat this until the spot entirely disappears.

Tea, coffee and undoubted cocoa stains, even those which have been previously washed, may be rubbed in with a mixture of equal parts of oil of turpentine and ether until all the impurities are removed, then cover the spot with Fuller's earth or French chalk, cover with blotting paper and press with a hot iron. Repeat this until the spot entirely disappears.

Tea, coffee and undoubted cocoa stains, even those which have been previously washed, may be rubbed in with a mixture of equal parts of oil of turpentine and ether until all the impurities are removed, then cover the spot with Fuller's earth or French chalk, cover with blotting paper and press with a hot iron. Repeat this until the spot entirely disappears.

Colors which have been changed by the application of acids may be restored by sponging with chloroform or ammonia, while colors changed by alkalies may be given an acid treatment.

Profane Use of an Echo.

Visitors to the Pantheon in Paris will remember the wonderful echo in the crypt which repeats a lengthy phrase after the guide. In former years, it was while they were still under its spell that they took their departure and the guide his pourboire. In those days the echo was made to declare that one might traverse the universe without meeting anything equal to it. Now the order of things seems to be changed. Since the death of the President, his tomb appears to possess a higher interest, for the echo make the announcement.

"And now, ladies and gentlemen, we will proceed to inspect the monuments of Victor Hugo and M. Carnot." In view of the approaching commemoration of M. Carnot's death, a Paris journal protests against the continuance of this custom. The pantheon, it declares, is a place of honor, but not of no-crowds. In Westminster Abbey, Parisians are reminded, all visitors speak below their breath, and the gilds impart their information in an undertone.—Westminster Gazette.

Hon. Charles Bronston has on opposition for the State Senate.

## HORSE AND TRACK.

Robert J. won the free-for-all race in 2:12½, 2:10 and 2:08 at Minneapolis. John R. Gentry 2:08½ will make his first start of the year at La Crosse, Wis., this week.

Dallas, 2:11½, broke down while working out at McKee's Rocks, Pa., and it is doubtful if he will ever stand training again.

Bert Van Evera won second money with Zeiles last week at Lexington. He won two heats, best time 2:20½. Wm. V. won the race.

The drivers at Terra Haute, Ind., say Fred S. Moody by Guy Wilkes is the best two-year-old trotter ever brought across the mountains.

John Patchen, 2:04, according to those who saw him at Des Moines, Iowa, will be a better horse than ever by the time the Grand Circuit opens.

George Fuller has sold the bay stallion Commodore Porter 2:13 by W. Bailey out of Rachel Ray, to W. Bailey of Louisville, Ky., for \$3,000.

Prince Edsall won the 2:17 trot at Lexington on July 4th. Best time 2:16½. The Prince won it easily and will likely take a mark below 2:10 the condition July 1, is placed at 93 5 per cent. Average compared to full crop is placed at 98 3.

Lord Clinton 2:05½ will not be raced this year. "Pink" Hills tried him at Lansing and found that the handsome black gelding was not in form for Grand Circuit racing.

Lady Wilton, the dilly that made a record of 2:13 at St. Joe, Mo., last week, is out of Lemonade, 2:27½, by Kentucky Prince, Jr., and is a sister to Lemonade, 2:08½. She is owned by Marcus Daly, Hamilton, Mont.

C. J. Hamlin says that he is willing to match Robert J. again, any paper in the world for any amount. He has an opportunity for the owners of Joe Patchen or John R. Gentry to have another tilt with the little gelding by Hartford.

Alix 2:03 trotted an exhibition mile at St. Joseph on July 4th. She trotted the mile in 2:07½, and finished in a shower of rain. It was a great mile and shows that the trotter that beats the little mare this season will have to go some.

Angle D. reduced two world's records at Toledo Tuesday, when she won the 2:12 pace. In the first heat she cut the half-mile record to 2:10½, and when she won the money in 2:10½, 2:14, 2:13½, she also paced the three fastest miles ever stepped over a half-mile ring. They averaged 2:12½.

It is claimed that W. J. Andrews has a faster horse than Mason in the four-year-old pace. Stately by Hunter. He will make his Western debut at Windsor next week and the Eastern scribes feel that he will sweep round the track at that town in 2:08 or thereabouts.

Col. J. S. Taylor, of St. Louis, Mo., owner of Joe Patchen 2:04, has been a great admirer of Strathberry 2:06½ ever since the race which those stallions fought last year. It is said that Col. Taylor tried to buy Strathberry last fall, and thinks that 2:06½ is no measure of his speed.

The trotting meeting at Lexington last week was a big success. Secretary Tipton, with his usual energy worked up a good list of horses for the trot. Ed Tipton deserves credit, not only for the good sport furnished but also in giving our horses a chance to try their horses before starting on the various circuits.

## Monthly Crop Report.

I was unable on the 1st of June to make a very favorable report for wheat. The per cent was given at 83 1, which was a fair showing. Since that time the fly and rust have been pretty general over the State, and in some counties the smut has been very bad, and now from own observation and from talking to farmers who have threshed their wheat, I don't think the yield will be over a half crop, and quite a number of correspondents write that the crop is very inferior—that it will grade very low.

Two correspondents from the county of Woodford agree as to the short crop; one says "that the wheat was hurt in some places by the frost, rust, and fly and will not grade well." The other says: "In addition to fly, I now report rust." I think 75 per cent will be the full amount and of an inferior quality. I could mention a number of counties like the above—in fact there are very few good reports.

Those few counties making good re-

ports will make the average higher than it really should be from the general tone of the correspondents. The correspondent from Anderson County thinks that the average from the county will not be more than five or six bushels per acre. The correspondent from Trigg thinks that the average weight of the wheat of his county will not weigh over fifty-five pounds to the measured bushel. The average of all the reports is placed at 79 8 per cent.

CORN.

The corn crop has improved very much since my last report. All the correspondents agree that the prospects are very flattering. The correspondent from Shelby says: "Notwithstanding the ravages from worms early in the season, the outlook for cereals and root crops for this section is very promising, in fact very nearly if not quite up to a general average." The growth of corn this season is very uneven. Some of it very small and some of it ready to lay by—caused by having so much replenish corn—having been planted as many as three times, but all looking well and doing well, and where the ground has been well-worked, the rains in the last few days will push it forward very rapidly. The condition July 1, is placed at 93 5 per cent. Average compared to full crop is placed at 98 3.

RYE.

I am never able to get a very full report on rye. So many counties not raising it and much of it being sown for pasture during the winter and plowed under in the Spring. The reports I have are more favorable than that of wheat. The condition is placed at 94 per cent.

OATS.

In giving my own observation that I did not think that the correspondent put the per cent. on wheat low enough, I am just the reverse on oats; I do not think they put the per cent. high enough. I don't think I have ever seen a better crop. I have noticed particularly in riding by a number of fields the absence of black or blasted heads—have not seen one. I think the correspondents from Oldham and Cumberland, in placing the per cent. at 120 is not too high. The correspondents from Woodford and Scott place it 125. Some few counties place it as low as 90. The general resume places the average at 96 7 per cent.

BARLEY.

It never takes long to get the average condition of barley so few counties raising it. The average of those reporting it is placed at 92 per cent.

SORGHUM.

I inquired as to the average condition of sorghum. From the answers it is not as successfully grown as in former years. The general impression seems to be that, through the fall and early winter, or until it freezes, it is fine food, but after it freezes it is not much good. The average, compared to a full crop, is placed at 92 per cent.

POTATOES.

The reports about the potato crop vary greatly; some very good and some very indifferent. The average, compared to a full crop, is placed at 97 4 per cent. The average condition July 1st, is placed at 88 per cent.

Wool.

The wool clipped is placed at 89 per cent.

PASTURES.

There was very great complaint about pastures; in fact they had commenced to burn from the sparks from the railroads. Meadows in many places have suffered from the want of moisture, but they will be very much improved from the late rains. The average condition, July 1st, was placed at 80 per cent.

APPLES.

From the correspondents report the apple crop will be very large. The condition July 1st, was placed at 97 per cent.

PEACHES.

Not enough counties reporting peaches to make a report.

GRAPE.

The average condition of grapes, July 1st, was placed at 77 per cent.

NICHOLAS McDOWELL, Comm'r July 5, 1895.

## THE PERIODOT.

## A Precious Stone Which at the Present Time is in High Favor.

A precious stone which at the present time is very valuable, because it is the stone of the hour, is the Peridot or "evening emerald". It is a lovely stone, with exquisite shades of transparent green, the best suggestion of whose hue is the effect produced by looking at the light through a delicate leaf. Jewelers say that the peridot is the species of olive, of the same class as the beryl, aqua-marine, and the topaz, and that it is in fact the ancient "topazion", otherwise known as Chrysolite. It is found in Egypt, Ceylon and Brazil, good crystal being exceedingly rare. Of the various shades of olive-green, leaf, pistachio, or leek, the clear leaf green is the most admired.

Of all these precious stones the peridot is the most difficult to polish. The final touch is given on a copper wheel impregnated with sulphuric acid, a process which requires the greatest care, for if dipped into the acid the stone has the peculiarity of becoming soluble. Sometimes it is cut in a rose form, or like a carbuncle, but it is better and more valuable when worked in small steps, as the brilliancy is thus increased.

Owing to the quality of softness the peridot has been considered of little value, but now that it is the fashion, fabulous prices are charged for the stone.—Montreal Star.

## Louisville's Tragedies on the Glorious Fourth.

Policeman Edward Byrne, of Louisville, was shot and instantly killed on the evening of the 4th. He had arrested a negro, who in order to control, he had clubbed, and when leading him from a saloon was shot and instantly killed.

Will Thomas, colored, in Louisville was handling a pistol which he thought was not loaded, and it went off, ball passing through the right breast of Will Powell, also colored.

Hash Nesby, colored, snatched a pistol from the hands of Jerry Tyler, colored, and ran away. Tyler told him to stop or he would shoot him, when Nesby leveled his pistol and fired, the ball penetrating Tyler's right eye, killing him instantly.

Josh Brown, a watchman at a distillery, qua railed with his wife and because his children plead with him to desist, became more infuriated and seizing his pistol met, late in the evening, his nineteen-year-old son and shot him three times through the body, killing him almost instantly. It was a most brutal murder.

Many young men who have completed the business course in Prof. Goodwin's school are now holding positions of prominence in this and other cities. At the several colleges where the pupils from this school have entered they have invariably taken that high stand that ensures all who go out from him to such institutions a flattering reception. The first honor men of the colleges where his boys have gone again and again, been one of those who have enjoyed his efficient teaching. We know of no school where a boy can get better training than with Prof. Goodwin.

Many young men who have completed the business course in Prof. Goodwin's school are now holding positions of prominence in this and other cities. At the several colleges where the pupils from this school have entered they have invariably taken that high stand that ensures all who go out from him to such institutions a flattering reception. The first honor men of the colleges where his boys have gone again and again, been one of those who have enjoyed his efficient teaching. We know of no school where a boy can get better training than with Prof. Goodwin.

In response to a telegram from Tammie Springs, Washington County, saying that Mr. Charles Duty, deputy County Clerk of this county, was very dangerous ill his brother, Mr. Bruce Duty, left for that place Monday afternoon. Mr. Duty has been in very delicate health for several years and such a message was no surprise to his friends. We hope that he will rally from his present condition and will yet be restored to permanent health. —A subsequent telegram says Mr. Duty has rallied to some extent.

Consumption can be cured.

By the use of Shiloh's Cure. This great Cough Cure is the only known remedy for that terrible disease. For sale by Thomas Kennedy.
